4 Click "add"

The screenshot shows a web application interface for 'Nursing Care Bed Types'. At the top, there is a dark header bar with the user name 'Erick' and a dropdown arrow. Below the header, a sidebar on the left contains a list of menu items: 'ment', 'quest', 'patients', 'ts', 'er', and a blue button with a plus sign. The main content area is titled 'Nursing Care Bed Types' and features a search bar. Below the search bar is a table with three columns: 'Name', 'Code', and 'Action'. The table contains two rows: 'Plastic Bed' with code 'pbed' and 'Norma Metal Bed' with code 'NMB'. Each row has edit and delete icons in the 'Action' column. At the bottom of the table, there is a pagination bar showing 'Items per page: 10' and '1 - 2 of 2'. A large orange circular button with a plus sign is highlighted in the bottom right corner of the main content area.

The screenshot shows a web application interface for 'Nursing Care Bed Types'. A modal window titled 'BED TYPE FORM' is open, containing two input fields: 'Name' with the value 'Electrical Bed' and 'Code' which is currently empty. An orange circle highlights the 'Code' field. A 'Save' button is located at the bottom right of the modal. The background shows a table with two rows of data, each with edit and delete icons, and a pagination control showing 'of 2'.

7 Click "Save"

This screenshot shows the same 'BED TYPE FORM' modal window, but now the 'Code' field contains the text 'ELBED'. The 'Save' button at the bottom right of the modal is highlighted with an orange circle. The background interface remains the same, showing the table and pagination controls.
